

Harmony Women's Care is making an impact in our community and we would love for you to join us!

Harmony's mission is to ensure that every woman facing an unplanned pregnancy gets the care, support, and information she needs to make an informed decision about the outcome of her pregnancy. We are located in RI and offer our patients free pregnancy testing, ultrasound, std testing and treatment, and community referrals.

Harmony is hiring part-time Patient Advocates who will ensure that our patients feel secure, listened to, and cared for. The Patient Advocate welcomes the patient, conducts an intake interview, and accompanies her through the entire appointment. She is there to address the emotional and spiritual needs of the patient and introduces her to the nurse, who addresses her physical concerns. Harmony has a high level of success at equipping women to make positive decisions for themselves and their families.

Qualifications:

1. Meet the requirements of the Harmony Women's Care application
2. High level of emotional and spiritual intelligence and discernment
3. Excellent communication skills
4. Proven organizational skills
5. Bilingual Spanish speaking preferred
6. Strong technical skills and aptitude, including the ability to learn new computer systems/programs.
